PARCEL & PLATE

Good food. Fair resolutions.

Delivery & refund policy

DEMO POLICY / VERSION 2026-10-17

Clear rules, with a person when you need one.

This policy applies to simulated orders in the Parcel & Plate demo.

R1

Cancelled orders

A cancelled order qualifies for a full refund of the amount paid.
Only an administrator can cancel an order before dispatch.

R2

Missing or damaged items

Report the issue within 24 hours of recorded delivery.
A teammate verifies the issue before approval. The full amount paid is the maximum possible refund; a claim is not automatic approval.

R3

Late delivery

If recorded delivery is at least 30 minutes after the promised time, the delivery fee qualifies for a refund. Report it within 24 hours of recorded delivery. The food subtotal is not refundable for lateness.

R4

Reporting window

Requests after 24 hours do not qualify under the standard rules.
You can always request a person to discuss your circumstances.

R5

Human review and active orders

Orders still in progress, disputed facts, and other concerns require a teammate. AI explains the policy; it cannot move money or approve payments. Every refund decision requires an administrator.

HOW TO GET HELP

Open an order > Get support > Talk to our team. Your chat stays together.

Demo only: refunds are ledger entries. No payment processor is connected.
